

AN SVL STUDENT SAYS ...

"The classes are great. They've helped me get more things done because I have deadlines and time frames I have to stick with. What I really like is working with the other kids. Through the discussion boards and chat rooms, we work together on a variety of projects."

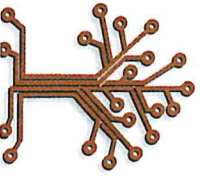

A partnering school district says ...

"Thanks, I sure have enjoyed working with you and your staff. . . . It has made this experience that much easier for us!"

District-to-District Partnership

- School districts can provide their own online learning program with no up-front cost or loss of FTE.
- Create your own solution to online learning with a non-profit organization.
- Use your own district branding.
- Increase the variety of courses your district offers its students.
- Call for more information and pricing.

Call Today for program information and pricing or to schedule a webinar to discuss developing your own online learning program.

ABOUT SVL

WHAT IS SPOKANE VIRTUAL LEARNING?

The Spokane Virtual Learning (SVL) program is a web-based educational project of Spokane Public Schools that provides instructor-led online courses to students. All instructors have valid state certification in their subject areas. SVL presents students with an interactive learning experience, not a textbook online.
